

Transform 285/400:

Lane Modifications on Glenridge Drive Under I-285

Glenridge Drive Under I-285

Who: Transform 285/400 project
What: Shifting lanes for construction activities
Where: Glenridge Drive under I-285
When: October 2018
Why: To create space for new bridges to be constructed on I-285 over Glenridge Drive

Long Term Lane Configuration: Weekdays, Weeknights, and Weekends

The existing roadway will convert to two northbound lanes, one northbound lane to go straight or turn left to I-285 westbound, and one southbound lane

Occasional Weekend Closures:

Friday at 9 p.m. to Monday at 5 a.m.

Expect lane configurations to convert to one northbound lane to go straight or turn left to I-285 westbound, and one southbound lane.

The construction activities will begin with restriping the roadway and placing barriers to separate the work area from the traveling public.

The modified lane configuration will remain in place through the utility relocations and bridge construction.

Pedestrian access will be maintained throughout construction activities.

This information is subject to change.
